	Assistant Secretary

BOARD OF SCHOOL ESTIMATE

HON. C. BENSON WIGTON	Mayor
EDWARD SACHAR	Member from Common Council
LEON M. HANNAFORD	Member from Common Council
DeWITT D. BARLOW	Member from Board of Education
OTIS B. WHITFORD, D.D.S.	Member from Board of Education

GENERAL INFORMATION RELATING TO THE CITY OF PLAINFIELD, NEW JERSEY

1933

Population, per April 1930 Federal Census.....	34,422
Net Valuation taxable at local rate.....	\$62,901,958
Tax Rate for \$100.00.....	\$3.34

For data respecting miles of streets, length of improved streets, miles of storm and sanitary sewers, and related matters, see report of the City Engineer.

For data respecting valuations and related matters, see Report of the Clerk of the Board of Assessors.

Plainfield possesses the natural advantages for creating an ideal suburban city, including:

Abundance of pure and wholesome water;

One of the finest public school systems in the State (13 buildings);

Located twenty-four miles from New York City, with excellent train service, being located on the main line of the C. R. R. Co. of N. J., B. & O. R. R., and P. & R. Ry., express trains making the trip in 45 minutes;

Churches of a wide range of denominations;

Y. M. C. A., Y. W. C. A., and Y. M.-Y. W. H. A. each have new homes;

We also have a colored Y. M. C. A. (Moorland Branch);

Public Library and Art Gallery, the fourth oldest in the State;

New City Hall housing the governmental departments, except Police and Fire Departments; also the Charity Organization, and the Fourth Judicial District Court;

The Police Department is housed in its own building, and is composed of sixty members, not including one special, two clerks and one cleaner;

The Fire Department is housed in three buildings, and is composed of sixty members, and one clerk part time;

An active Chamber of Commerce;

Six banks (two National, three Trust and one Savings);

Seven Building and Loan Associations;

Two of the County Parks (Green Brook and Cedar Brook), and one City Park (Library Square);

Several golf courses are located near the city limits;

Numerous fraternal, service and other clubs;

Boys' and girls' private schools with wide enrollment.

THE MAYOR'S MESSAGE

January 1, 1934

Mr. President and Gentlemen of the Common Council
of the City of Plainfield:

Again I take the pleasure and this opportunity to address you in person after an interim of one year.

I congratulate you most heartily for your record of constructive accomplishments during the year just ended. In addition, I thank you for your co-operative spirit in granting me the opportunity during the year to attend your deliberations and the meetings of your several committees, thereby bringing about a better understanding between the legislative and executive branches of our municipal government. This co-operation accounts for the entire consummation of the program which I had the privilege to suggest one year ago. In all this I believe our people, whom you and I have served, will most cordially concur.

A REVIEW OF THE YEAR

Expenditures of the municipality were considerably reduced, which, with other reductions, resulted in the tax rate being lowered 39 points. The other reductions include those made by the state and county, and the Board of Education. By establishing closer relations with our Board of Education in the preparation of the preliminary estimates of the school and municipal budgets, a better understanding was created, and the co-operation given reflected in reduced expenditures.

Economy has been practiced in all departments of the city and the efficiency of the personnel has been increased.

The Building Department has been merged with the Streets and Sewers Department, under the administration of the City Engineer, and is now more efficient.

There has been the closest co-operation with the Emergency Relief Administration, with the result that there has been no better program in the entire State of New Jersey for handling relief and providing work for the unemployed than that of our city. Effective efforts throughout the year by various organizations and the methods used, such as the "Renovizing Campaign," have aided in this work. The Civil Works Administration, through the very capable organization of our Director of Emergency Relief, is now giving employment on a cash basis to 900 men on projects beneficial to the city.

Our water rates have been reduced to the extent of eliminating the 10 per cent surcharge, by your efforts.

A new Zoning Ordinance has been adopted as an improvement over the old one, which had been in existence since 1923.

Moving picture theaters are now paying license fees based upon the seating capacity, which is equitable, and which bring more revenue to the city.

The four wards of the city have been redistricted, thereby relieving the former congested districts and complying with the requirements of the Election Law of the State.

A duly appointed committee is working on the revision of our Building Code.

Our financial condition has been sound. All our obligations have been met, and our municipal credit is strong.

Such, gentlemen, are the high spots of our activities during the past year.

* * * *

The New Year, 1934, brings us new problems to solve in addition to the necessity of properly solving those which are always with us.

Permit me therefore to bring the following to your attention:

MAINTAINING OUR HIGH CREDIT AND SOUND FINANCIAL CONDITION

Plainfield enjoys the enviable reputation among municipalities of being in a sound financial condition, and holding a high municipal credit rating. We are in this condition only as a result of wise and conservative handling of our finances over a long period of years. We can only remain in this condition by being continually on our guard, recognizing conditions as they are, and keeping our expenditures within our ability to pay.

It is apparent from the tentative County Budget that Plainfield's share of the County Tax may be considerably increased for the year 1934, that the amount to be raised for the Board of Education by local taxation may also be greatly increased on account of a smaller allotment from the state, due to litigation with the railroad companies; that a greater amount will have to be placed in our budget on account of large expenditures for emergency relief during the past year; that the assessed valuations of the city have been reduced by one million, seven hundred thousand dollars, and that all these factors are beyond our control and tend to increase the tax rate over last year.

Therefore, realizing the necessity of lightening as much as possible the burden of taxation, I recommend the following:

1st—A continuation during the year of the existing reduced salaries of our city employees;

2nd—Incurring only expenditures necessary for satisfactory and efficient operation of the various municipal departments, the emergency relief, the debt service and mandatory requirements.

3rd—The sale of improvement bonds, already authorized, as soon as the municipal bond market improves, in order to reduce our floating debt.

4th—That you continue to enforce the collection of all revenues, as provided by law.

5th—Perfection of title in connection with such tax title lien certificates, which in the judgment of the tax collector, will bring about redemption.

6th—A resolution urging the State Legislature to create revenue producing legislation which will, in effect, reduce the state tax levied on counties and municipalities, and thereby cause a reduction of taxes on real estate; also, one urging the support of proposed legislation designed to strengthen and protect county and municipal credit.

POLICE AND FIRE DEPARTMENTS

I congratulate the chiefs of both of these departments, and the members thereof for the efficient manner in which their duties have been carried out during the past year. The record shows that our fire loss has been almost negligible, and that the very few instances of crime in our city have been swiftly detected and the perpetrators prosecuted.

The morale and discipline in both departments are excellent, and I ask full co-operation of the Common Council in all efforts being made toward perfection of both.

There are now four less men in our Police Department than in December, 1932, as a result of two dismissals and two having been retired on pension. I therefore recommend in the interest of efficiency and economy, and in lieu of filling these four places:

1st—The installation of a two-way radio police communicating system at Police Headquarters, with five police cars equipped for the purpose, and that immediate application be made to the Federal Radio Commission for the necessary permit.

2nd—The employment of only two additional patrolmen.

The cost of this system will be fully compensated by eliminating from our budget the salaries of two patrolmen to fill the present vacancies of four, which otherwise it would be necessary to employ, and when adopted, the patrolling of the city will be more effectively done and crime and law infractions more swiftly and surely detected.

RECREATION COMMISSION

The work performed by this commission and its director during the past year has been of great value to the welfare of our citizens, and especially so on account of the large number of unemployed. With a greatly reduced budget allowance, recreation was provided for more persons than in any previous year. I congratulate the commission and its director for their excellent work.

SMALL CLAIMS COURT

I recommend consideration to the establishment of a Small Claims Court in Plainfield, as permitted by law. The experience of seven other municipalities in this section of the state indicate that such a court, run at a nominal expense, is a great benefit to their citizens and provides considerable revenue.

ITINERANT VENDOR'S ORDINANCE

A new ordinance should be adopted giving proper protection to our merchants from the itinerant merchant or vendor. The existing ordinance on this subject does not sufficiently protect our merchants, who are large taxpayers and a big asset to the city.

REVISED BUILDING CODE

I urge the adoption of a new Building Code just as promptly as possible, after the special committee appointed by the 1933 Council has submitted their recommendations.

LIQUOR CONTROL

On Tuesday, Dec. 5, 1933, the 18th Amendment to the Constitution was repealed, thereby enabling the State of New Jersey to enact legislation known as Chapter 436 of the Laws of 1933, providing regulation and control of sale of alcoholic beverages within the state.

The City of Plainfield enacted regulations and fixed license fees as permitted under the State Act. Two classes of licenses only were permitted to be issued by the city—one permitting the sale of alcoholic beverages for consumption both on and off the premises, and the other only permitting sale in original containers for consumption off the premises.

The license fees were fixed by the city at \$1,000 and \$500 per year for the respective classes.

The licensing power under the existing law for issuing licenses lies entirely within the Common Council.

On Dec. 6, the Council issued 14 licenses of the first class, and 13 of the second, and withheld action upon some applications which had been received.

I now desire to emphasize to you the great responsibility which, under the law, you must carry in the granting of all licenses.

I recommend in the interest of our citizens as a whole, and in order that we may conform to the best traditions of our city:

1st—The number of licenses permitted for sale and consumption of alcoholic beverages on the premises should be limited to a number not exceeding 18, or commensurate with the number issued by Plainfield in pre-prohibition days, allowing for increase in population. The real problem of regulation and control lies in this class.

2nd—The number of licenses permitting sale for consumption off the premises need not be limited, as the purchase of alcoholic beverages in containers for home consumption may be made by our citizens in many nearby communities, as well as our own. We therefore should issue licenses to all those in this class who properly qualify.

3rd—High license fees should be charged for both classes of licenses, thereby providing revenues to the city and aiding in limiting the number. The present fees of \$1,000 and \$500 for the two respective classes seem to be reasonable.

4th—No licenses should be issued to anyone who may have had a bad police record, or who does not qualify after a thorough investigation.

5th—Whereas existing licenses were, by nature of the circumstances, granted hurriedly and without thorough investigation by the 1933 Council, and whereas additional applications have been made, and others probably will be made during the next month, I recommend and urge that the Common Council make a thorough investigation of all persons now holding licenses, and all those who have applied or who may apply; that for this purpose the Common Council appoint a committee composed of its own members, with instructions to proceed with the investigation, issue subpoena to compel the attendance of witnesses, examine witnesses under oath, all as provided in paragraph 32 of Chapter 436 of the New Jersey State Laws of 1933.

6th—The law must be strictly enforced and licenses should be promptly suspended and revoked for violations.

I also suggest that the Council urge our representatives in the Legislature to modify the present State Law so that license fees to clubs (of the nature of fraternal organizations), may be less than fees charged to others who are in business for profit.

Also, so that a separate class of licenses may be permitted for the sale of beer and light wine only in the original containers for consumption off the premises.

* * * *

Gentlemen, again I want to thank you for the co-operative spirit you have shown during the past year and for all that has been accomplished.

"I congratulate the heads of all our departments, boards and commissions for their untiring and efficient efforts during 1933, and I take this occasion on behalf of the city, to express to them our grateful appreciation.

"Now, gentlemen, it is my prayer and my hope that, with the guidance of Almighty God, we may act together during the New Year for the best interests of our city, state and nation.

"I extend to you, and through you to all our citizens, my wish that health, happiness and good fortune may be with you throughout the year."

C. BENSON WIGTON,
Mayor.

January 1, 1934.

ANNUAL REPORT OF THE CITY TREASURER

The Treasurer's financial report for the year 1933 as presented in the following schedules and statements reflect not only the financial condition of the City but presents a complete picture of operation under the several classifications of Service.

These services are divided into the following groups:

- A—Current Account: reflects the budget transactions including the tax levy and the collection of taxes and all other revenues for the support of the Local City Budget, the School Budget and Plainfield's Share of the State and County Taxes.
- B—Emergency Relief: reflects all the transactions connected with the carrying on of this work—Schedule B-3A shows the total cost of Emergency Relief with the division of the expense as between the State and the City.
- C—Capital Account: reflects the transactions in making permanent improvements, the cost of which is to be paid by future taxation. This account also reflects the City's debt which is payable from direct taxation and the funds on hand, pledged to the payment of this class of debt.
- D—Trust Account: reflects the special assessment for improvements and the debt relation thereto—This group also reflects any other Fund Accounts held as a Trust.
- E—Reserve Account: reflects the entire Sinking Fund which is pledged to the payment of certain debt obligations for which the Fund was originally established.

Much could be said of the report by referring to each particular Schedule, but it is believed that to the individual who is interested in the report, the picture is clearly expressed in each statement.

Respectfully submitted,

ROSS R. DEARDORFF,

Supervisor of

Municipal Finances and Accounts.

**CONDITION OF CURRENT FINANCIAL POSITION
AS OF DECEMBER 31, 1933**

Current Obligations:			
Tax Revenue Notes	\$329,600.00		
Local School Account	273,834.00		
Appropriation Reserves	43,677.17		
Emergency Snow & Wind Notes	10,000.00		
Total Demand Liabilities		\$657,111.17	
Tax Overpayments	459.98		
Reserve for Tax Collection Fees	36.91		
Reserve for Unallocated Receipts	237.43		
Due Trust for Assessment Liens	62,377.75		
Total Other Liabilities		\$ 63,112.07	
Total Current Obligations			\$ 720,113.24

To meet these Liabilities the City has the following:

Cash on hand	\$ 60,198.87		
Less-Advance Payments on Account 1934			
Taxes	61,581.26		
1933 Taxes Including Franchise	647,438.01		
Accounts Receivable	13,728.62		
Total Quick Assets		\$659,784.24	
Taxes 1932 and 1931	24,853.51		
Taxes 1930 and Prior	2,741.05		
Taxes and Assessments—Chap. 109 P. L.			
1933	38,112.33		
Tax Title Liens	388,685.11		
Less-Reserves for Assessment ..	30,000.00		
For Lien Interest ..	21,880.28	51,880.28	336,804.83
Total Deferred Assets		\$402,511.72

ANNUAL REPORT OF THE BOARD OF ASSESSORS

Plainfield, N. J., December 30, 1933.

To the Honorable, The Mayor and The Common Council of the City of Plainfield, New Jersey:

Gentlemen:

I beg to submit herewith the Annual Report of the Assessor's Department, showing the finding of assessable values for the year 1934, as of October 1, 1933, together with a few statistics for the taxable year 1933 for comparison:

First Ward

Assessed Value of Land.....	\$ 5,392,050	
Exemption on Land	311,400	
		\$ 5,080,650
Assessed Value of Buildings.....	7,268,725	
Exemption on Buildings.....	623,900	
		6,644,825
Assessed Value of Personal.....	1,812,900	
Exemption on Personal.....	122,600	
		1,690,300
Total Net Assessed Value, First Ward.....		\$13,415,775

Second Ward

Assessed Value of Land.....	\$ 5,933,225	
Exemption on Land	264,550	
		\$ 5,668,675
Assessed Value of Buildings.....	13,609,425	
Exemption on Buildings	1,829,950	
		11,779,475
Assessed Value of Personal.....	2,327,175	
Exemption on Personal.....	274,900	
		2,052,275
Total Net Assessed Value, Second Ward.....		\$19,500,425

Third Ward

Assessed Value of Land.....	\$ 4,340,600	
Exemption on Land	357,800	
		\$ 3,982,800
Assessed Value of Buildings.....	10,524,400	
Exemption on Buildings.....	1,784,700	
		8,739,700
Assessed Value of Personal.....	967,750	
Exemption on Personal	242,500	
		725,250
Total Net Assessed Value, Third Ward.....		\$13,447,750

Fourth Ward

Assessed Value of Land.....	\$ 4,662,025	
Exemption on Land	257,250	
		\$ 4,404,775
Assessed Value of Buildings.....	9,105,000	
Exemption on Buildings.....	611,550	
		8,493,450
Assessed Value of Personal	1,833,775	
Exemption on Personal.....	175,900	
		1,657,875
Total Net Assessed Value, Fourth Ward.....		\$14,556,100

Recapitulation—Net Assessed Values for 1934

Land—All Wards	\$19,136,900
Building—All Wards	35,657,450
Personal—All Wards	6,125,700
	\$60,920,050
2nd Class Railways.....	303,433
Net Total for 1934.....	\$61,223,483
Net Total for 1933.....	62,901,958
Net Decrease for 1934.....	\$ 1,678,475

Break-up of Land, Buildings and Personal—1934 Net Values

	Land	Buildings	Personal	Total Net
First Ward	\$ 5,080,650	\$ 6,644,825	\$ 1,690,300	\$13,415,775
Second Ward	5,668,675	11,779,475	2,052,275	19,500,425
Third Ward	3,982,800	8,739,700	725,250	13,447,750

	\$19,136,900	\$35,657,450	\$ 6,125,700	\$60,920,050

VALUATION COMPARISON BY WARDS

First Ward

	Land	Buildings	Personal
1934	\$5,080,650	\$6,644,825	\$1,690,300
1933	5,098,425	6,970,400	1,709,875
Decrease	\$ 17,775	\$ 325,575	\$ 19,575

Second Ward

	Land	Buildings	Personal
1934	\$5,668,675	\$11,779,475	\$2,052,275
1933	5,709,175	12,055,925	2,031,175
Decrease	\$ 40,500	\$ 276,450	*\$ 21,100

Third Ward

	Land	Buildings	Personal
1934	\$3,982,800	\$8,739,700	\$ 725,250
1933	4,039,250	9,050,275	771,750
Decrease	\$ 56,450	\$ 310,575	\$ 46,500

Fourth Ward

	Land	Buildings	Personal
1934	\$4,404,775	\$8,493,450	\$1,657,875
1933	4,555,175	8,864,525	1,742,575
Decrease	\$ 150,400	\$ 371,075	\$ 84,700

*—Increase.

VALUATION DECREASES BY WARDS OVER 1933

	Land	Buildings	Personal	Total
First Ward	\$ 17,775	\$ 325,575	\$ 19,575	\$ 362,925
Second Ward	40,500	276,450	*21,100	295,850
Third Ward	56,450	310,575	46,500	413,525
Fourth Ward	150,400	371,075	84,700	606,175
Total	\$265,125	\$1,283,675	\$ 129,675	\$1,678,475
*—Increase.				
Net Decrease—Land			\$ 265,125	
Net Decrease—Buildings			1,283,675	
Net Decrease—Personal			129,675	

Total Net Decrease for 1934.....\$1,678,475

The following is a record of the assessed valuations on Taxable New Construction for the year 1934, and losses sustained during the year through the demolition of buildings heretofore assessed:

	Increase	Loss	Net Increase
First Ward	\$ 33,850	\$ 1,350	\$ 32,500
Second Ward	83,700	1,500	82,200
Third Ward	45,350	4,500	40,850
Fourth Ward	14,725	11,975	2,750
Total	\$177,625	\$19,325	\$158,300

NUMBER OF POLLS ASSESSED

	1933	1934	Decrease for 1934
First Ward	1,194	1,192	2
Second Ward	2,136	2,062	74
Third Ward	1,695	1,744	* 49
Fourth Ward	1,767	1,679	88
	6,792	6,677	115

*—Increase.

Our total ratables for 1934 are \$1,678,475 less than last year. This difference is accounted for through judgments of the County Board and the State Board on appeals, and some adjustments in valuations by our local Board in the line of equalization. The reduction is approximately two and seven-tenths per cent ($2\frac{7}{10}\%$) from last years figures.

Building operations in the city continue at low ebb; the increase in ratables from this source for 1934 being \$158,300, as compared with \$221,000 last year: in normal times the increase from new construction is above \$1,000,000, which provides additional ratables well beyond the amount required to absorb losses through annual adjustments in real and personal property valuations.

To assist in the assessment and collection of taxes this Board recommends that all business concerns selling merchandise, etc., be licensed, and that a nominal fee be charged for the same.

Respectfully submitted,

Board of Assessors

HARVEY R. THORN,

Acting Clerk.

POLICE TELEGRAPH SYSTEM

The police telegraph system is of the Gamewell type and consists of thirty-two call boxes with flashlights and horns, one time clock with paper take-up reel, one switchboard with instruments mounted thereon for charging the batteries, and storage batteries for operating the system. The batteries are located at Fire Headquarters and the power for charging them is furnished by the Public Service Gas and Electric Company.

School Safety Patrol

Safety patrols have been organized in all the schools of the City and are operating successfully. Patrols are functioning in 12 public schools, 2 Parochial schools, 1 high school and 2 private schools. The high school at present operates its own student patrol system. In all the public schools there are safety patrol clubs which meet weekly.

The assembled student bodies of all the schools, as well as Parent-Teacher Association groups have been addressed on the subject of "Safety" and safety poster contests are being conducted in all schools. Through the courtesy of the Public Service Educational Bureau safety movies have been shown in most of the schools.

In order to hold the interest of the safety patrol members and make them realize the importance of their work, arrangements have been made with the managers of the Liberty and the Walter Reade Theatres for free shows for the patrols. To further illustrate safety requirements, classes from the various schools have been taken to Police and Fire Headquarters where practical demonstrations of safety methods have been given. The whole hearted support of all bus operators in the City has been pledged to the Child Safety Movement.

There are 235 members of the Student Patrol in Plainfield, as follows:

Bryant	13	
Emerson	14	Two patrols
Evergreen	15	
Franklin	16	
Hubbard	27	
Irving	24	Two patrols
Jefferson	26	Two patrols
Lincoln	10	Two patrols
Maxson	24	Two patrols
Stillman	13	
Washington	30	Two patrols
Whittier	7	
St. Bernard's	8	
St. Mary's	18	Two patrols

Court is held in seven of the schools where safety violators are tried. There have been no accidents to school children during school hours reported this year. Since the retirement of Sergeant Richard J. Birmingham on July 15th, 1933 the school patrols throughout the City have been under the direction of Patrolman Walter M. Browne.

Canvassers fingerprinted and photographed	709

Two of the most important arrests of this year were effected solely through the medium of fingerprints.

On January 9, 1933, one, James Alberto was arrested in this City on suspicion and for peddling without a license, by Detective John V. Denny. He was fined five dollars by Judge William G. De Meza in the City Court. The fine was paid and Alberto was released. His fingerprints had been taken in the usual manner and copies were forwarded to Trenton and to the National Bureau of Identification at Washington, D. C. When the fingerprints reached the files of the National Bureau they were immediately identified as those of "Vito Caprio" wanted by the Newark, N. J. Police Department for a murder committed in that City on September 29, 1928. With the information furnished by the Plainfield Police Department Alberto, Alias Caprio, was apprehended by the Newark Police and is now serving a term in State's Prison.

On November 6, 1933, William Costello (Colored) was arrested by Mt. Vernon, N. Y. Police charged with attempting to pass a worthless check. His fingerprints were taken and a copy sent to the National Bureau at Washington, D. C. When the files of the National Bureau were searched, Costello's prints were identified as those of Walter Lehn, a celebrated forger and counterfeiter of railroad pay checks who was wanted by Plainfield Police on several charges of forgery committed in this City during 1932.

It further developed that Lehn had numerous aliases and was wanted as an escaped convict from the Maryland Penitentiary in 1923. He was also wanted in several eastern states for forgery and counterfeiting. Walter Lehn is now serving a term in New Jersey State Prison, having been sentenced from Union County.

CONCLUSION AND RECOMMENDATIONS

Th efficiency of our Department has again been demonstrated in 1933 by the fact that very few serious crimes were committed in this City and fewer major violators escaped detection and apprehension. This record is due to the excellent spirit of co-operation existing between the officers and the rank and file of the Department. It has been considered necessary at times to bring members of the Department before the Board of Police for certain infractions of the rules and regulations, but these cases have been dealt with promptly and fairly by that body.

The Detective Bureau again shows a gain, both in the number of investigations made and the efficiency of the service rendered. The Bureau of Criminal Identification is functioning smoothly and it has become one of the most important adjuncts of the Department. The importance of this branch of police endeavor is clearly illustrated by the two cases cited in the record of this Bureau contained elsewhere in this report. The routing activities of the Bureau are also outlined there.

The value of the Teletype System to this Department in the apprehension of criminals, the recovering of lost and stolen property and the locating of missing persons cannot be too strongly emphasized.

I would recommend at this time the installation of a two-way radio communication system in this City. I feel that this departure would be economically sound and the comparatively small initial cost would be practically the only cost, as the expense of operation and maintainance of such a system is negligible. This expenditure would be more than justified by the great value of this type of equipment to the efficient performance of police duties. The police radio ranks with the automobile in importance as a means for the quick apprehension of offenders, major and petty. Since criminals have adopted modern rapid means of escape, the police must be equipped to compete with them on their own ground. With a radio system in operation, the various sections of our City could be patrolled much more thoroughly by radio scout cars than can now be accomplished by foot patrols

and patrol cars. Moreover, the Department is four men short of its full quota at present and the installation of radio equipment would more than compensate for this shortage and obviate the necessity of adding to the personnel. In this connection I wish to note that the addition of two men would cost more than the total cost of the radio.

I wish to express to his Honor, the Mayor, and to the Members of the Police Committee, my thanks for their co-operation and their many contributions toward the success of this Department during the past year. I wish also to express my sincere regret for the loss of one of the Members of the Board through the death of the late Leon M. Hannaford, whom I honored and respected both as a man and as a public official.

Respectfully submitted,

CHARLES A. FLYNN,

Chief of Police.

ANNUAL REPORT OF THE CITY JUDGE

To the Honorable Mayor and Common Council of the City of Plainfield, N. J.
Gentlemen:

I have the honor to submit herewith my Yearly Report for the Year 1933, as follows:

S. MONROE STAATS,

Clerk of the City Court of the City of Plainfield.

ANNUAL REPORT OF THE PLAINFIELD FIRE DEPARTMENT

For the Year Ending December 31, 1933

FIRE COMMITTEE, 1933

JOHN C. ALBER, Chairman

SAMUEL DAVIDSON

B. COLWELL DAVIS, JR.

BOARD OF ENGINEERS

Chief of the Department.....	Wesley J. Dunn
Deputy Chief	John P. Townley
Electrical Engineer.....	James F. Pearsall
Clerk-Secretary.....	Raymond J. Myzie

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

Plainfield, N. J., January 1, 1934.

To the Honorable, The Mayor and Common Council:

Gentlemen:

It gives me pleasure to submit herewith my report for 1933 and my recommendations for 1934.

The present personnel of this Department is 62, divided as follows:

FIRE FIGHTING FORCE

- 1 Chief of Department
- 1 Deputy Chief
- 4 Captains
- 4 Lieutenants
- 38 Class "A" Privates
- 7 Class "B" Privates
- 2 Class "D" Privates
- 1 Class "E" Private

58 Total Fire Fighting Force

DIVISION OF FIRE ALARM TELEGRAPH

- 1 Superintendent
- 1 Lineman
- 1 Helper

3 Total of Division of Fire Alarm Telegraph

OFFICE

- 1 Department Clerk and Secretary

The past year was a very busy one, the Department having answered alarms as follows:

- 308 Telephone Alarms
- 6 Telephone and Box Alarms
- 51 Box Alarms
- 18 Verbal Alarms
- 4 Phone and Verbal Alarms

387 Total Number of Alarms
1 Second Alarm

The total losses for 1933, including buildings and contents, amounted to \$21,407.00 on which there was insurance carried of \$808,300.00 making an excess insurance over loss \$786,893.00

The Classification of fire losses and insurance carried for 1933 are as follows:

	Buildings	Contents	Total
Total value of property involved.....	\$665,500.00	\$227,450.00	\$892,950.00
Total insurance on property.....	592,800.00	215,500.00	808,300.00
Total Losses.....	13,007.00	8,400.00	21,407.00
Total Exposure Losses.....	None	None	None

I am pleased to report that there were no lives lost as the result of fires this year (1933).

CAUSES OF FIRES AND ALARMS

Fires Resulting from:		
Unknown	28	
Smoking	4	
Careless Workmen	12	
Children and Matches.....	3

Emergency Calls	2
Total Duty	387

OUT OF CITY ALARMS

South Plainfield (Middlesex County).....	3
North Plainfield (Somerset County).....	2
Total Out of City Alarms.....	5

MATERIALS USED

30,250 feet of 2½ inch hose.
1,271 Gallons of Chemicals.
1,896 feet of ladders.
76 Lines of Hose laid.

HOSE

We have in service 12,900 feet of good hose.

HYDRANTS

There was one new Hydrant installed during 1933. There is a grand total of 555 Hydrants within the City Limits and four just over the City Line.

FIRE ALARM TELEGRAPH SYSTEM

Our system is of the Gamewell Type with 96 Fire Alarm Boxes, 13 of which are private. During the year, 1 Fire Box was removed from pole and placed on pedestal with underground connections and 2 boxes were changed from the old non-interfering to the new successive type of non-interfering with quick action doors. We have about 56½ miles of overhead wires. A 15-inch gong is located in each of the outside Fire Stations, one 18-inch gong with three 10-inch tappers and one 6-inch tapper at Fire Headquarters, one 12-inch gong at Police Headquarters and one 15-inch gong at the Plainfield-Union Water Company's Pumping Station, six-inch tappers are located at the Electric and Gas Company's plants and other places of importance. One ten-circuit automatic repeater, one twelve-circuit switch-board with instruments mounted on it for testing and recharging of batteries, one house circuit and one local battery circuit in Headquarters, and six outside circuits are in use. One Alarm Transmitter and four alarm registers with paper take-up reels are installed in the various fire stations. There are four sixty-inch battery racks with 113 cells for operating the alarm system and one twelve-circuit protector board. One Sterling, five horse-power Electric Siren with one remote control switch. There are 8 Rectifiers. The power for charging the batteries is furnished by the Public Service Electric & Gas Company. One ten-trunk telephone switchboard with four trunk lines and ten extensions is in service.

POLICE ALARM SIGNAL SYSTEM

Our system is of the Gamewell Type with 32 Standard Police Boxes with recall lights and horns, one of which is private and 12 of which are located on pedestals. We have about 42 miles of overhead wires and about 1¾ miles of underground cable which is used jointly with the Fire Alarm Telegraph System. The Following Gamewell Equipment is installed at Fire Headquarters: one 160-inch battery rack with 54 two-volt cells and 2 Rectifiers. The following Gamewell Equipment is installed at Police Headquarters; a switchboard with a time clock stamp, a four-circuit punching machine, a telephone for making calls to Police Boxes.

TRAFFIC SIGNAL SYSTEM

There are fifteen (15) Traffic Signals now in service. One additional Traffic Signal is to be installed during 1934. One all Red Traffic Signal and Bell which is Manually operated from Fire Headquarters is located on corner of Central Avenue and West Fourth Street.

INSPECTION OF BUILDINGS

1,970 Inspections of Business and Factory Buildings were made throughout the City during the year 1933.

SPECIAL DETAIL INSPECTIONS

1,440 Special detail inspections were made during the year 1933.

RECOMMENDATIONS

I would recommend the purchase of 1,000 feet of 2½-inch Cotton, Rubber Lined, Wax and Gum Treated Fire Hose.

I would recommend the purchase of four (4) New P. N. I. Successive,

Non-Interfering Fire Alarm Boxes and replace four (4) old boxes with new type.

I would recommend that eight (8) additional men be added to the fire fighting force.

I would recommend the purchase of one (1) Truck Chassis. (This Chassis to replace the one now out of service at the South Avenue Station. The equipment on the Truck now out of service to be transferred to the new Chassis.).

The following are the recommendations of the Electrical Engineer: One (1) additional Man and the purchase of one (1) Portable Air Compressor (For Spraying and Cleaning Purposes.)

It is my pleasure to extend to your Honorable Body my sincere appreciation for the co-operation. I also take the occasion to express my recognition of the loyal and valuable services rendered by the Officers and Members of the Department and the press of the City of Plainfield, I also tender my thanks and appreciation of their valued assistance.

Respectfully submitted,

W. J. DUNN,

Chief, P. F. D.

ANNUAL REPORT OF THE CITY CLERK, 1933

To the Honorable Common Council, City of Plainfield, N. J.:

Respectfully submitted,

GEO. B. WEAN,
City Clerk.

Dated: Plainfield, N. J., April 5, 1934.

REPORT OF THE SHADE TREE COMMISSION

December 31, 1933.

To the Honorable, The Common Council, of the City of Plainfield, N. J.:
Gentlemen:

The Shade Tree Commission presents herewith a report of its activities for the year of 1933. The Commission regrets that it has been unable to give attention to all of the more than 700 requests for work received by them. The Commission's work has been greatly curtailed by a 73% reduction in appropriation since 1930. The requests for work and the service expected of the Commission has not decreased.

With the small force the Commission is able to employ, it has been impossible to do more than keep the some 30,000 street trees free from dangerous broken limbs, the heavy dead wood removed and the removal of some of the trees in bad condition. No attempt has been made to do finished trimming on entire streets, or other necessary tree work, such as spraying, bracing of weak limbs and trunk crotches, fertilizing of young and undernourished trees or the planting of young trees for those removed.

During the year of 1933, the street trees suffered extensive damage from severe windstorms, which destroyed many trees and left other trees with broken branches and stubs. The damage to these trees if not properly cared for present favorable conditions for fungus and insect attack which will further destroy the trees affected.

The work of the Department has resulted in the trimming of 346 trees, the removal by request of 112 trees including many poplars, caring for and maintenance of Library Square, maintainance of a nursery for the growing of young trees for street planting, the spraying of elm trees for the control of elm leaf beetle which is rapidly spreading to all elms in the City, trimming of low branches and suckers on many streets, clearance of street lights shadowed by limbs and the care of some 4,000 young trees planted during the past 7 years which represent a considerable investment as a whole on the part of the City.

The Department has also responded on 23 different occasions at all hours during the past years for the removal of broken limbs and fallen trees as a result of storms. Considerable assistance has been rendered by this Department in the moving of plant material for street widening, storm sewer construction, and various C.W.A. Projects.

The Commission will carry on this work to the best of its ability on such appropriation as is made for this work as it has for the past 26 years.

Respectfully submitted,

William H. Forristel, President

Mrs. Garret Smith, Secretary

Thomas F. Hylan

ELEVENTH ANNUAL REPORT OF THE RECREATION COMMISSION

Submitted by

C. D. Wardlaw, President
J. G. Mulford, Secretary
E. H. Goodwin
R. J. Harrigan
Marion E. Snyder
A. L. Seidler, Deceased

To the Honorable, the Mayor and Common Council of the City of Plainfield:

The Board of Recreation Commissioners submit herewith the eleventh annual report of activities conducted during the year ending December 31, 1933.

The work of the Commission this year far surpasses any previous year, in that the State Emergency Relief Administration allowed us the use of nine workers. These workers proved invaluable in promoting the greatest program of leisure time ever offered to the city.

The Year-Round Staff

R. O. Schlenter, Director
J. E. Whitford, Assistant Director
Blanche A. Skinner, Director of Women and Girls'
Mary E. Kiely, Office Secretary

Emergency Relief Staff

Axel V. Granholm	Clyde Schoffner
Norman T. Harris	Marion L. Newson
Emily E. Locke	Muriel T. Dentz
Edna B. Mattei	Ruth C. Wheaton
	Wm. J. McCann

The budget for 1933 was \$9,500.00.

The total attendance for all activities was 453,663, a gain over 1932 of 58,077.

PLAYGROUNDS & SWIMMING POOL

Two new playgrounds were opened for the first time in 1933, making 12 playgrounds in all.

Through the co-operation of the Fire Department, street showers were available for the first time during the heat of the summer in nine areas.

Through the volunteered service of Elizabeth A. Douglas tap dancing was taught during the summer on all playgrounds. At the conclusion of the season a recital was held at the Y. W. C. A.

Handcraft was taught on all playgrounds, the children making many useful articles. A display was held later in the Plainfield National Bank window.

Five playgrounds remained open during the evening for employed people.

The daily average summer playground attendance was 2,531.

The High School swimming pool was available to children and adults free of charge during July and August. The daily average using the pool was 550.

PLAYGROUND STAFF AND ASSIGNMENTS

Gene Whitford, Supervisor of all playgrounds
Frank Sabino, Supervisor of Emerson Playground
Harry McAleer, Supervisor of E. 3rd Street Playground
Arthur Utzinger, Supervisor of Maxson Playground
Clarence Alexander, Supervisor of Muhlenberg Playground

Wm. Lurie, Supervisor of Jewish C. C. Playground
 Beatrice Roseberry, Supervisor of Bryant Playground
 Audrey Rasmussen, Supervisor of Cottage Place Playground
 Sophie Dickson, Supervisor of Franklin Playground
 Dorothy Manchester, Supervisor of Irving Playground
 Muriel Dentz, Supervisor of Day Nursery Playground
 Marian Newson, Supervisor of High School Pool
 Merle Eastlund, Supervisor of High School Pool
 Gerald Bernstein, Supervisor of High School Pool
 Joseph Kwint, Supervisor of High School Pool

ATHLETICS

Golf

The Community Golf Club reduced its fees—increased play and finished the year with a substantial balance in the bank. 9,717 registered players compared to 8,804 of last year used the course, showing a gain of 913 players. Alden Gray won the Club Championship for the second time.

OFFICERS

President, Mr. Gordon Moy
 Vice President, Mr. Ray Hoover
 Secretary, Mr. Albert Cuthbert
 Treasurer, Mr C. D. Wardlaw

BASEBALL

Three senior and one junior league, consisting of six teams to a league, comprising 24 teams, operated during the season. Six teams entered the city championship, the Art Color team emerging champion. Winners of the leagues were:

Industrial League—Art Color
 Tri City League—Fire Dept.
 Independent League—Greenbrooks
 Junior League—Celtics

	385,076	68,587
Total	453,663	
Gain over 1932	58,077	

TENNIS

Twenty courts were available for play during the year. Six were opened for the first time this year. A ten-cent fee was charged to cover operating expenses. Championships were held in Senior Men's Doubles, Junior, Junior Boys, Mixed Doubles and Women's Singles.

Champions in each event were:

Senior Men's Singles—Robt. Strain

Men's Doubles—Robt. Strain and Geo. Ball

Juniors'—Robt. Strain

Boys'—Wm. Willis, Jr.

Mixed Doubles—Elveta Marcellus and John Chandler

Women's Singles—Elveta Marcellus

Bowling on the Green

Lawn Bowling again proved popular during the year. In addition to playing in the Metropolitan League, members of the club organized the Industrial League with four players to each team.

Cricket

Cricket was played each week-end and holiday in Cedarbrook Park where the Cricket Club has their pitch. Teams from the Metropolitan Cricket League and New Jersey were played as well as teams from the Trans-Atlantic Ships.

Archery

Archery is a new sport coming under the direction of the Commission. Each fair day will find enthusiasts of this sport practicing at their targets under the direction of Mr. F. I. Smith, at Kenyon Gardens.

Ping Pong

The third annual Ping Pong tournament was held at the Jewish Community Center. Mario Rossi again repeated as champion, while the team of Rossi and Rosenson won the doubles' crown.

Bowling

Eight bowling leagues were organized with 60 teams, 10 men to a team. Recreation, Elks, Eagles, Juniors and Y. M. P. A. alleys were used for weekly matches. Leagues were organized according to team averages. Teams winning respective championships were:

Bible Class—Juniors

Fraternal—Juniors

Independent—Woodbrook Farms

Queen City—Public Service Electric

Commercial—Y. M. P. A.

City—Christenson

Plainfield—Jo Jo

Women's—Nostars

Tri City—Disbanded during season

Basketball

Seven basketball leagues operated during the season with six teams to a league and ten men to a team. In addition to the regular play city championships were held in three divisions, Senior, Intermediate and Junior. The Flying Arrows were declared City Champions for the second consecutive time, while the Blue Stars won the Intermediate title and the Y. M. H. A. Jr's won the Junior crown.

The leagues and their champions are:

Senior Open League—Greenbrooks
Senior Independent—Scholastics
Senior Recreation—Discontinued
Tri City—Flying Arrows
Intermediate—Blue Stars
Junior—Y. M. H. A. Jr's
Girls—Maroons

Soft Ball

Four senior and one junior soft ball league, consisting of eight teams to a league and ten men to a team, playing throughout the season. When the regular playing season was over a championship was held with the Marino Metal Works winning the city title.

Leagues and their champions were:

Emerson League—Emersons
Plainfield League—Marino Metal Works
City League—Moore Bible Class and Stevens
Junior League—Emerson Playground
West End League—Bergen Street

SPECIAL ACTIVITIES

Nature Club

Nature lovers of the city had a rich and varied program during the year. Many side trips to nearby places were visited with a specialist conducting. Regular hikes, bird walks and collections were carried on throughout the year. The Watchung Nature Club became a part of the National Nature Club groups late in the year. They were also instrumental in organizing a Union County Nature Club. The following officers are responsible for much of the club's success this past year.

President, L. W. Hudson
Vice President, Mrs. Roderick Donley
Secretary and Treasurer, W. Gray Harman
Program Chairman, Adelene Johnston

Marbles and Jacks

Tournaments were held for the children in marbles, hopscotch and jacks. The winners entered in the Union County Tournament.

Movies

Moving pictures were shown during the year to various organizations and Community Centers.

Coasting

Where conditions warranted it, a number of streets were blocked off for coasting, with the co-operation of the Street and Police Departments, affording safety for children and adults while enjoying this sport.

Picnics

Many picnic programs were planned as well as supervised by this department during this year. Over fifty organizations made use of the picnic kits which include most everything needed for a successful outing.

Service

The Department stands ready to serve the citizens of the city in any leisure time problem. It urges the people to use any and all facilities.

Dancing and Play Classes

Afternoon dance and play classes were held for children in school buildings as part of the city wide after school activities, sponsored by this department.

Community Centers

Evening Community Centers were again open at the Emerson and Washington Schools for adults in co-operation with the Board of Education. Classes were held in handcraft, dressmaking, dancing, gymnastics, games and dramatics. Also small neighborhood groups used the buildings for their meeting places.

WOMEN'S AND GIRLS' DEPARTMENT

Aquatic Club

Swimming classes for women and girls are held every Monday evening—hours 7:00 to 9:00 P. M. from October until June 30th at the High School Pool. This sport is appreciated by business and industrial groups.

Basketball

A league consisting of eight teams of girls drawn from among business and factory sources were held at the Y. W. C. A. court every Wednesday evening. The Maroons were declared champions.

Bowling

This phase of recreation is becoming more popular with women. One league comprising six teams, 5 women to a team rolled every Thursday night at Recreation Alleys. The league was won by the Nostars' team. In addition to this there are five beginner groups rolling, including one group of forty women from the L. B. Dick factory at the Eagles' Alleys.

Dancing

Tap, Folk and Social Dancing groups organized for the adult do much to broaden the scope of their leisure time.

Dramatics

Drama Tournaments for Senior and Junior groups were held in the Plainfield High School Auditorium. A new feature was inaugurated whereby admission was by donation. The proceeds were turned over to the Courier News Clothing Fund. Nine groups participated, five in the Senior, which was won by the Negro History Club presenting "Cruiter," and four in the Junior, the successful entrant being the Junior Class of the Plainfield High School with "Babbitts Boy." Individual cups were presented to Miss Viola Fox of the Negro History Club and Richard T. Davies of Maxson School Players.

Gym

Groups meeting at High School gym under accredited physical instructors prove the need of this activity.

Hiking

Business girls' club group welcome the opportunity afforded by these tramp hours.

Playground Ball

This form of exercise was enjoyed by groups of girls banded into a league consisting of 8 teams playing at Cedarbrook Park every evening from April until August.

Emerson team won the championship.

MR. A. L. SEIDLER

In May of this year it was our misfortune to have taken away from us our President, A. L. Seidler. Mr. Seidler served the city ten years with faithfulness, fidelity and courage. His honesty and integrity was never questioned. The city will feel a distinct loss in losing so valuable a citizen.

HALLOWE'EN CELEBRATION

Our Hallowe'en Celebration and parade was again an outstanding event. The city's young and old turned out to take part or to watch the many weird and comical costumes of the paraders. The Lydia Chapter, Order of Eastern Star drilled on the plaza of the City Hall after the parade.

Respectfully submitted,

R. O. SCHLENTER, Director of Recreation.

ANNUAL REPORT OF THE PLAINFIELD PUBLIC LIBRARY AND READING ROOM

To the Honorable the Common Council of the City of Plainfield:
Gentlemen:

The Board of Directors of the Plainfield Public Library and Reading-Room, pursuant to the provisions of law in that behalf, hereby make this their Annual Report, stating the conditions of their trust on the first day of June, 1933.

The following, showing the receipts and expenditures of money verified by the affidavit of the Treasurer, exhibits the sum of money received from the Library fund and from other sources, and how much moneys have been expended and for what purposes.

Annual report of the Treasurer of the Plainfield Public Library and Reading-Room for the year ending May 31, 1933.

REPORT OF THE PRESIDENT AND SECRETARY

December 31, 1933.

To the Honorable, The Mayor and The Common Council of the City of
Plainfield, New Jersey:

Gentlemen:

The Board of Health takes pleasure in submitting herewith its 45th annual report.

We desire to present for your information certain pertinent figures relating to the Vital Statistics of our community.

Estimated population	36,714
Marriages per 1,000 population.....	5.01
Births per 1,000 population.....	13.75
Still-births per 1,000 population.....	.19
Deaths per 1,000 population.....	9.96
Infant death rate per 1,000 births.....	30.00

COMMUNICABLE DISEASE RATES

Diphtheria cases per 1,000 population.....	.49
Scarlet Fever cases per 1,000 population.....	3.97
Tuberculosis cases per 1,000 population.....	.98
Typhoid Fever cases per 1,000 population.....	.08
Infantile Paralysis cases per 1,000 population.....	.16

May we present for your consideration three important municipal needs bearing on the welfare of our citizens.

1. A centrally located public comfort station.
2. Municipal collection and disposal of garbage.
3. Adequate hospital facilities for the care of communicable disease patients.

We realize, however, that due to the present economic conditions, postponement of these projects is essential at the present time.

On July 17, 1933, the Board sustained a serious loss in the death of N. J. R. Chandler, Health Officer. For twenty years Mr. Chandler served the citizens of Plainfield in this capacity. He was a most loyal, able and

conscientious worker and was recognized as a leader in public health activities.

The Board cherishes a profound respect for his many human tendencies of sympathetic understanding and a deep appreciation of his attainments.

The accompanying data, covering in detail the activities of the various divisions of our Department for the past year, is earnestly commended to your attention.

Respectfully submitted,

STEPHEN H. VOORHEES, President.

ANDREW J. KROG, Secretary.

The following is submitted as the Report of the Plumbers' Examining Board for the year 1933:

Number of examinations held.....	2
Number of applicants examined.....	2
Number Master Plumbers' licenses issued.....	1
Number not issued.....	1

Respectfully submitted,

ALBERT I. LITTELL, Secretary,
Plumbers' Examining Board.

REPORT OF THE HEALTH OFFICER

December 31, 1933.

To the Board of Health, Plainfield, New Jersey:

Gentlemen:

I have the honor to transmit herewith the 45th annual report of the activities of the Department of Health.

Vital Statistics

The vital statistics of a municipality may be construed as the true index relating to the welfare of the residents in that community. You will note that the present economic condition has not reflected upon the general health and well being of the people as evidenced by the following statistical data:

Average marriage rate for past ten years.....	214
Average birth rate for past ten years.....	621
Average still-birth rate for past ten years.....	20
Average death rate for past ten years.....	340

Communicable Disease

To combat and prevent the spread of infectious disease is one of the major functions of a well organized health department.

A decrease in our 1933 appropriation has necessitated the elimination of an important field of preventive medicine, namely, child hygiene. It is probable, however, that funds for the continuance of this program will be available in the budget for the following year.

Scarlet Fever

This disease has fortunately, with few exceptions, been extremely mild in character during recent years. Modern science, we hope, will soon be able to perfect a means of protection from scarlet fever as efficacious as the prophylaxis we now have against diphtheria.

Diphtheria

The eighteen cases of diphtheria occurring in our City during the past year may be considered as due to gross negligence on the part of the parents for not having their children immunized. Every child upon attaining the age of six months should be protected against this disease. We are anxiously looking forward to the time when all parents will take advantage of immunization as a means of placing diphtheria on the same basis of rarity as small pox.

In the following table will be found data pertaining to diphtheria immunization activities as carried out by the Health Department.

Board of Health Clinic:			
Schick	Test	29
Toxoid		153
			182
St. Mary's Parochial School:			
Schick	Test	64
Toxoid		0
			64
St. Bernard's Parochial School:			
Schick	Test	54
Toxoid		0
			54
			300

Poliomyelitis

Two hundred and forty-five cases of infantile paralysis were reported in New Jersey during late summer and early fall of this year. Plainfield fortunately experienced but six cases, one resulted fatally, another developed paralysis of both legs, and a third child suffered a temporary paralysis of one arm. The three remaining cases were of the abortive type with no after effects. Human convalescent serum for treatment of this disease in the pre-paralytic stage was supplied to this Department by the State Department of Health for use in Plainfield and vicinity.

Typhoid Fever

Typhoid Fever caused the death of two adult residents of our City and the illness of another. Investigation revealed that each of these persons travelled extensively, thereby making it impossible to determine the source of infection.

Measles

This year has evidenced a statewide increase in measles of which Plain-field experienced four hundred and sixty-seven cases. This is a local majority of four hundred and seven cases over last year.

Measles is considered by many as a mild essential infection of children. However, attention may be called to the fact that in many instances complications result which may permanently handicap the child.

The following table giving the number of cases and deaths reported during the year is a comparison of the present year with the two preceding years:

	1931		1932		1933	
	Cases	Deaths	Cases	Deaths	Cases	Deaths
Scarlet Fever	66	0	72	1	146	1
Diphtheria	4	0	5	0	18	1
Typhoid Fever	1	0	0	0	3	2

HEART AND CANCER DEATHS

Although not communicable from person to person, heart disease and cancer have attained such proportion as to be considered the two major scourges of mankind.

The people should be educated to the fact that frequent physical examinations will result in the early detection of these ailments which, when treated in their incipency, may be held in abeyance for many years, if not actually cured.

VENEREAL DISEASE CLINIC

The data embodied in the following table reveals the fact that venereal disease control is a project of major importance in public health.

Again referring to the figures enumerated, it is evident that this bureau is rendering an unusual meritorious service in the detection, treatment and prevention of social diseases.

Venereal Diseases

New patients were referred to the Clinic from the following sources:

Health Officer of Dunellen, N. J.....	1
Bonnie Burn Sanatorium	2
Health Officer of Plainfield, N. J.....	1
Self, Family or Friends	40
Hospital Wards	7
Muhlenberg Hospital Clinics.....	34

DOG BITES

Animal rabies have been unusually prevalent in this vicinity during 1933. Plainfield has been fortunate, only three locally owned dogs being infected. One other case was discovered in a stray dog which was picked up outside of our City and turned over to a representative of a local humane society. An attempt was made to treat this dog for sore throat and as a result, it was necessary for two Plainfield persons and one non-resident to receive the Semple treatment after a competent veterinarian had diagnosed the dog's affliction as rabies. A confirmation of this diagnosis was made by laboratory examination of the animal's brain. One of our other cases was found in a kennel maintained by this same organization.

We cite these instances as examples of the potential menace of stray dogs.

Number of persons bitten by dogs.....	110
Number of dogs' heads examined in Board of Health laboratory.....	3
Number of rabid dogs diagnosed by veterinarian.....	3
Number of persons taking anti-rabic treatment.....	2

LABORATORY

A well organized laboratory is one of the foundations of efficient public health work.

Our laboratory and personnel operate under Certificates of Approval issued annually by the State Department of Health and the State Department of Agriculture.

Services rendered by this division are the examination of cultures and specimens for diagnosis and release of communicable disease and the bacteriological and chemical analysis of water, milk and allied products.

The examination of animal brains for rabies is another diagnostic procedure which we are now able to offer. Formerly this work was done by the State Department of Health.

On several occasions during the year we were requested by the Police Department to determine the alcoholic content of beverages and testify in police court as to our findings.

Another valuable service rendered by this division is the distribution to physicians of numerous types of vaccine, sera and other biologics for the prevention and treatment of communicable diseases.

SWIMMING POOLS

Rigid supervision and frequent analysis of water from the four swimming pools in Plainfield have indicated that even though these pools have had heavy bathing loads, the sanitary condition of the water has been well within a wide margin of safety.

During the past summer, the State Department of Health conducted a survey of all swimming pools and bathing places in New Jersey. Many were found to be so grossly polluted as to be potentially dangerous to health. We are pleased to advise that all pools in Plainfield were reported to be in excellent condition.

FOOD AND DRINK

No more important service can be rendered by any Health Department than adequate supervision of sanitary conditions under which food and beverages are produced and handled.

Rigid control is maintained over all establishments dispensing foods and beverages. Regulations are enforced by frequent visits from capable inspectors especially trained for this work. Among the many items noted by the inspectors upon their investigations of these establishments are the general sanitary condition of the walls, floors, ceilings, etc.; cleanliness of utensils and equipment; the wholesomeness of the ingredients used in the composition of the products, and the method of display with respect to prevention of contamination.

Frequent inspections of the source of supply and bi-monthly analysis of all milk sold in our City insures the people of Plainfield a safe, wholesome milk supply which is considered as ranking among the best in the State.

GENERAL SANITATION

The efficiency of an organization is not always appreciated until its function has been discontinued. Financial conditions made it necessary to discontinue the Mayor's Clean Up Committee for 1932. This organization, composed of a group of civic minded women operating for several years under sanction of the Mayor, rendered a splendid service to Plainfield in a series of successful efforts to remove accumulations of unwanted junk and other refuse from back yards and vacant lots in our City. Inspections of property where material of this nature usually accumulates would indicate the need for continuance of this service.

The Department has been further handicapped this year by not employing an extra summer inspector whose duty consists of supervision of back yards, alleys and vacant lots.

RAG WEED

Our ragweed campaign proved very satisfactory this year. The cutting was done by seven men obtained from the emergency relief administration and detailed in groups to different sections of the City under supervision of our inspectors.

GENERAL SANITATION

General Inspections:		
Alleys	95	
Back Yards	4,076

Fish and Meat Peddlers	10
Milk:	
Regular Dealers	49
Stores	139
	188
	596

I desire at this time to express my most sincere appreciation to the Mayor, City Fathers, Heads of Various Departments, and all others for their constant assistance and cooperation.

In conclusion, I express my gratitude to the Board and Staff for without their unselfish interest, loyalty and intelligent performance of duty, it would have been impossible to carry out this effective program of public health administration.

Respectfully submitted,

ANDREW J. KROG,
Health Officer.

ANNUAL REPORT OF THE CITY ENGINEER

Plainfield, N. J., December 31, 1933.

To the Honorable, The Common Council, of the City of Plainfield, N. J.:

Gentlemen:

Herewith is presented the annual report of the Streets and Sewers Department for the year ended December 31, 1933.

The first of the year witnessed the consolidation, by Ordinance, of the Building Department with the Streets and Sewers Department, the Streets and Sewers Department succeeding to and exercising all functions of the Building Department.

Economic conditions again made necessary a general retrenchment in the activities of this department during the past year, no work being done under contract either in highway or sewer construction.

The Common Council adopted a Streets and Sewers Budget of \$81,500.00. This amount being \$20,750.00 less than the Budget Appropriation of 1932. Because of this reduction of funds, it was necessary to curtail the activities of the Engineering Department and the street and sewer maintenance. The personnel of the Engineering Department was reduced approximately 50%. Labor hours on maintenance work were considerably reduced and many streets paved with old water bound macadam forfeited the usual annual surface treatment.

Through economy the Department finished the year with an unexpended balance of approximately \$2,400.00 which was reserved to purchase much needed equipment in 1934.

UNEMPLOYMENT RELIEF

Much of the work of the Engineering Department was devoted to the construction of a storm sewer to drain that portion of the City near Gresham Road, Osborne Avenue and Loraine Avenue, under the provisions of General Improvement Ordinance No. 1025. This sewer should prove a wonderful benefit to the residents of that section and to the property itself. The labor for this work during the first ten months of the year was furnished through the office for Unemployment Relief and paid for with food orders for the value of the time expended. A good portion of the money expended by the City for food orders was refunded by the State through its Emergency Relief Department.

Other projects completed under the same arrangements were the Widening and Improvement of Cleveland Avenue between East Sixth Street and East Seventh Street, and the installation of a new underground air line from the sewage pumping station in Randolph Road to the Laramie Road Pumping Station. Both projects are completed and in use.

FEDERAL PUBLIC WORKS ADMINISTRATION

About the middle of the year the City decided to take advantage of the proposals of the Federal Public Works Administration to make some much needed and desired improvements. The Engineering Department immediately prepared plans, estimate of costs and estimates of materials and labor necessary to complete the improvements contemplated.

The projects decided upon were as follows:

1. Reconditioning pavement on East and West Front Streets, from Washington Avenue to Watchung Avenue.
2. Reconditioning pavement on Watchung Avenue from East Front Street to East Sixth Street.
3. Reconditioning pavement on Park Avenue, from Second Street to Seventh Street.
4. Constructing sanitary sewer siphon in Clinton Avenue between South Second Street and West Front Street.
5. Constructing sanitary relief sewer in North Avenue and in Leland Avenue.
6. Constructing storm sewer in Putnam Avenue from Richmond Street to Woodland Avenue.

7. Constructing storm sewer in Watchung Avenue from old channel of Cedarbrook to Cedarbrook Road.
8. Constructing storm sewer in Osborne Avenue and in Loraine Avenue.
9. Constructing underground wiring for the Fire and Police Alarm System.
10. Enlargement and improvement of the Joint Sewage Disposal Plant (City of Plainfield share only).

In September the City submitted to the Federal Emergency Administration of Public Works, through the State Administrator at Newark, New Jersey, an application for a loan of \$350,900.00 to carry out the construction of the ten projects listed above. Thirty per cent (30%) of the cost of labor and materials was to be a grant to the City and the remainder loaned at an interest rate of 4%.

FEDERAL CIVIL WORKS ADMINISTRATION

During the last two months of the year all construction work, in connection with the "Emergency Relief" was carried on by the "Federal Civil Works Administration" through their representatives in Union County. Our projects, numbered 4, 5, 6 and 7, were approved by the Public Works Administration, and in turn approved by the Civil Works Administration, as projects to be carried on under the jurisdiction of the Civil Works Administration. Construction has been started on Projects 5 and 6.

Other projects now being worked or completed under the Civil Works Administration are:

Storm Sewer in Stanley Place from West Fourth Street to West Fifth Street.

Sanitary Relief Sewer in South Second Street from Grant Avenue to Liberty Street.

Storm Sewer in Berckman Street from North Avenue to East Second Street.

Grading of roadways and sidewalks of accepted but unimproved streets in various sections of the City, and the completion of the storm sewer in Loraine Avenue.

The Engineering work for all of these projects has been done by this Department.

I attach hereto Statements of

Local Improvement Assessments, 1919-1933.

General Improvement Ordinances.

Permits issued and Fees collected by the Building Division.

Also: Financial Statement, and

Statistical Statement of Streets and Sewers.

The very sudden, and to me very sad, death of your City Engineer, Mr. A. W. Vars, has placed upon me the duty of submitting this annual report.

I know it would have been Mr. Vars' pleasure to again acknowledge his appreciation of the co-operation received from the Mayor, Common Council and the various Department Heads of the City.

Respectfully submitted,

H. E. BUSH,

Acting City Engineer.

SCHEDULE A

STATEMENT OF LOCAL IMPROVEMENT ASSESSMENTS, 1919-1933

Ordinance	Description	Charged To City	Charged to Owner	Contributions	Total
201	Widening and paving of Watchung Ave., E. Front St. to Railroad.....	\$ 5,554.85	\$52,846.66	\$ 3,212.23	\$61,613.74

BUILDING DIVISION, STREETS AND SEWERS DEPARTMENT

To the Honorable, the Mayor and the Common Council of the City of Plainfield, New Jersey:

Gentlemen:

I tender herewith the report of the Building Division of the Streets and Sewers Department for the year ending December 31, 1933.

During the year we have granted three hundred and ninety (390) permits, the valuation of which amounts to \$450,260.00.

Fees Collected	\$1,843.00
Building Codes	\$ 7.00
Zoning Maps	5.50
Zoning Appeals	4.00
Certificates of Occupancy	444.00
Building Permits	1,382.50

Total Collected and Deposited..... \$1,843.00

CLASSIFICATION OF PERMITS

23 for	23 Frame Dwellings and Garages
6 for	6 Frame Dwellings
31 for	31 Frame Garages
72 for	72 Frame Alterations
44 for	44 Frame Additions
1 for	1 Frame Tool House and Greenhouse

1 for	1	Frame Temporary Office
1 for	1	Frame Ice House
1 for	1	Frame Alteration and Garage
2 for	2	Frame Additions and Garages
8 for	8	Cement Hollow Block Garages
8 for	8	Cement Hollow Block Additions
4 for	4	Cement Hollow Block Alterations
2 for	2	Cement Hollow Block Stores
1 for	1	Cement Hollow Block Factory
1 for	1	Cement Hollow Block Foundation
116 for	117	Fuel Oil Equipments
41 for	42	Signs
1 for	1	Brick Building
1 for	1	Brick Addition
6 for	6	Brick Alterations
1 for	1	Brick and Hollow Tile Alteration
1 for	1	Hollow Tile Alteration
1 for	1	Metal Addition
1 for	1	Metal Garage
1 for	1	Restoring Church
1 for	5	Coal Silos
8 for	9	Gasoline Tanks
1 for	1	Greenhouse
2 for	3	Fuel Oil Tanks
1 for	1	Removal
1 for	1	Firescape

390 Permits

Seven (7) permits were issued for the demolition of buildings.

An inspection of all elevators, both passenger and freight, has been made and all were found to be in good condition.

Signs throughout the City have been inspected. In most all cases they were found to be in a safe condition, however, where any violation or unsafe condition existed, notice was served calling attention to same, and they have been either repaired or replaced.

Respectfully submitted,

H. E. BUSH,

Acting City Engineer.

January 22, 1934.

ANNUAL REPORT OF THE OVERSEER OF THE POOR

January 31, 1934.

To the Honorable Mayor and Common Council of the City of Plainfield:
Gentlemen:

Upon completion of my second year in office, I have the honor of submitting to you the report of the Poor Department, for the year 1933.

INDUSTRIAL HOME

At the beginning of the year, we had at the Industrial Home 25 inmates. During the year, four males and three females were admitted, bringing the number up to thirty-two. Two of the admitted inmates died during the year, and five were discharged.

The work performed by the Superintendent and the Matron, Mr. and Mrs. Schaafsma is in line for commendation.

They kept the place in a splendid condition; they have been very economical in expenditures of any sort; they gave generously all their time in making repairs around the place, and in preserving with much labor, fruits and vegetables for the winter months, thus saving many dollars to the taxpayers.

In consideration of all this and inasmuch as they seem to treat our inmates with great respect and human understanding, I want to say publicly that their work has been most helpful and is greatly appreciated.

MAINTENANCE OF INDUSTRIAL HOME

Salaries and Wages	\$2,726.37
Telephone	71.15
Barber	170.00
Water Rent	119.64
Household Supplies	119.21
Beds and Bedding	42.46
Clothing	92.55

Stamps	1.60
Miscellaneous Expenses	45.67
Auto Repairs and Upkeep	84.44
Gas and Oils for Auto	89.78
Total	\$2,867.96

During the year 1933, 54 complaints for non-support have been made, and the sum of \$3,952.85 has been received at this office and has been paid over to those for whom it was intended, as my receipts will show. There were many other cases of non-support which were handled peaceably without going to Court.

We had eight cases of adultery, bastardy, fornication, for which Court action was necessary. Some of these cases were brought before the Juvenile or Domestic Relations Courts in Elizabeth, and some were brought before City Judge Wm. G. DeMeza.

During the year, this office took charge of the Emergency Relief rent cases which amounted to the expenditure of \$3,337.00.

The Alms Committee consisting of Councilmen, Mr. Joshua L. Miner, Mr. William Strong, Jr., Mr. Leon Hannaford, and Mr. Howard Satterfield held monthly meetings with me, and with Mr. Louis H. Miller, from the Charity Organization Society, Chairman of Committee on Relation with the City, and also with Miss Margaret C. Holly, Executive Secretary of the same organization, for consultation in order to avoid duplications in the City and Charity Organization Society relief cases.

Close co-operation with the Charity Organization Society, Red Cross, and all other Charitable Institutions has prevailed during the year, so—to all who have rendered assistance and advice, I hereby extend my sincere thanks.

ELPIDIO YANNOTTA,

Overseer of the Poor.
